## Home fragrances from London

Discover sensuous scents for the home from Jo Malone of London, which opened its first California store in South Coast Plaza earlier this year. Scented items for the home include candles in Napa leather, blue agava and cacao, lime basil and Mandarin, and pot-pourri in orange and cinnamon or a spray cologne in grapefruit and rosemary. The Jo Malone Shop is at 3333 Bristol St., Costa Mesa. Call 714-545-4632.

## Zen mornings

If you've been having difficulty waking up since the time sprang ahead to daylight-saving, a Zen alarm clock may help you start the day. The clock's long, resonating Tibetan chimes allow you to awaken peacefully. The acoustic chimes strike just once when triggered, then again 3½ minutes later. The Zen alarm clock comes in four wood finishes with 10 different dial faces. A digital version is available in cherry, maple and black lacquer finishes. \$99 to 149 at [www.now-zen.com](http://www.now-zen.com)

## Open-air shelters

The company also sells 4-by-4-foot shower and changing stalls. Available at Sports Authority, 25462 El Paseo in Mission Viejo 949-448-8500 or go to [www.quikshade-décor.com](http://www.quikshade-décor.com).
