Quick Shade

With warm weather on the way, it is time to think about sun protection. One option is **Décor Instant Gazebo portable canopies** (\$115-\$199). This is a classy new line of portable canopies, with color coordinated tops and corner drape adornments. Gazebos come in a wheeled carry bag for easy portability and set up. Instant gazebos are a practical way to add shade poolside, on decks, or in the yard. Gazebos are available in six different colors and styles.
